Dear Amanda,

Prostate Cancer Foundation of Australia (PCFA) would like to thank you for selecting it to be the beneficiary of your fundraising initiative. This generous support from the organisers and all those who participated in the event is very much appreciated.

Your donation assists PCFA in its efforts to combat the devastating consequences of prostate cancer on the individual men who are diagnosed with this all-too-common disease, their loved ones and the wider community.

The funds raised from the event will enhance projects in three vital areas:

- Funding ongoing, world-class Australian research;
- Support through PCFA's Australia-wide support group network;
- Increase awareness of prostate cancer and reduce its impact on the community.

This support is gratefully appreciated, as PCFA relies upon the commitment and generosity of its dedicated supporters, such as you, to continue its work.

Yours sincerely

Kathryn Jones
